NEVER GO ON ICE THAT YOU DON'T KNOW ANYTHING ABOUT!

Is the ice safe?

Stay away from stickups, like brush logs, plants or docks.
Stay away from multiple pressure cracks.
Spread out because crowds can add too much weight in the same area.

Be extra careful on rivers and streams. The ice may look thicker than it really is, because moving water wears ice from underneath. Ice may not be the same thickness all over.

Make sure you study the ice safety chart, so you know when it is safe to go on the ice!

ICE THICKNESS CAN SAFELY SUPPORT

4 inches – 200 pounds
5 inches – 800 pounds
7 inches – 1,500 pounds
8 inches – 2,000 pounds

The most current dates and information about meetings and events are on the Town's website at www.Fremont.nh.gov

SNOWSHOE HIKE!!

The Fremont Conservation Commission and the Open Space Group would like to invite you to join us for a winter walk! On Saturday, February 22nd, we will make an attempt to get to Camp Nasty! This "gem" is in the middle of Spruce Swamp but is reachable if snow and ice conditions are right. So join us at the Fremont Public Library for a 1:00 pm departure. If weather conditions do not allow this, we will venture onto the Marsh trail in Oak Ridge South.

NEWSLETTER DEADLINE

Deadline for submittal is generally the 15th of each month for publication in the following month. No opinion pieces will be accepted. Submissions may be edited for clarity and/or due to space constraints. Deadlines are available on the monthly MEETINGS CALENDAR page of the Town's website.

WINTER PARKING BAN IN EFFECT

According to the Town of Fremont Parking Ordinance: It shall be unlawful for any person to stop, stand or park a motor vehicle at any time contrary to any of the following provisions of this Section unless otherwise directed by a Police Officer.

1. Within the Town of Fremont, from November 15 to April 1, no parking is permitted on any public street of any town-owned right of way, or in any town-owned parking lot between 12:00 midnight and 6:00 am.

2. In the event of a winter snowstorm requiring snow plowing and/or removal as deemed necessary by the Fremont Road Agent, it shall be unlawful for any person having custody and/or control of any vehicle to park or cause the same to be parked within the public right of way during a snow storm. Vehicles interfering with snow plowing or removal operations shall be towed at the owner's expense.

Penalty: a person violating any provision of this Ordinance shall be punished by a fine or not more than one hundred (\$100) dollars for each offense, except that optional procedures set forth in this section may be used in lieu of court proceedings for violations of this Ordinance.

Thank You Fremont

Christmas Giving Tree

Sponsored by People's UMC

in collaboration with the Fremont Library and the Town of Fremont

As the new pastor of People's United Methodist Church, I was overwhelmed by the phenomenal response to this year's Fremont Christmas Giving Tree.

Thanks to the generous support of Fremont residents, more than 115 gifts were distributed to children in our community. This is truly an awesome community who cares for those that may need just a little help during the Christmas season.

Special thanks to:

- Jodi Donahue who coordinated all the requests
- Eric Abney and the great folks at the Fremont Library
- Heidi Carlson and the Town of Fremont
- The team at People's United Methodist Church
- All of you who purchased gifts and gave unselfishly

Thanks for making this a great Christmas season for so many.

Pastor Frank O. King

PORTABLE GENERATOR SAFETY GUIDELINES

Always read, follow and maintain the generator according to the manufacturer's operating instructions.

Portable generators should be placed at least 10 feet from any structure, with the exhaust facing away from the building openings. Deadly exhaust fumes can enter the building through any opening resulting in severe injury or death to unsuspecting occupants. Always use a battery powered Carbon Monoxide Detector inside your home during a power outage.

Never place portable generators on or near combustible surfaces such as decks, porches, or tool sheds. Heat generated by the motor, or improper refueling methods can start a fire.

Never run portable generators inside any building, including basement areas and garages. Deadly levels of carbon monoxide can build up in minutes injuring occupants with little to no warning. Allow plenty of time to cool the generator before refueling. Gasoline vapors can easily ignite from hot surfaces causing a flash fire and severe injuries.

Always store approved gasoline containers a safe distance from generators while in use. Always store gasoline in approved containers and placed in a well-ventilated storage area.

Never store gasoline products in basements or enclosed areas of your dwelling.

Never modify or construct any power cord so a generator can be connected to a receptacle, dryer or range outlet.

Never connect a generator directly to panelboard without a means to prevent inadvertent connection to the normal supply system wiring. Connecting a generator directly to an electrical outlet or to a panelboard without a transfer switch or an interlocking device could result in a situation where power from the generator could energize the utility's wiring (back feeds into the utility system). Electrical power from a generator back fed through your meter into the utility system can cause fires, serious injury or death to utility workers trying to repair the lines in the street, or electricians working on nearby property's electrical systems.

Always make sure your home and family are prepared and protected from storm damage by visiting: <http://www.readynh.gov>

FCTV BROADCASTS ON CHANNELS 22 & 13

FCTV is now live on channel 22 with most of the programming staying the same. The second is channel 13 which is dedicated to be the educational channel for Fremont, the School Board meetings held at the Town Hall will be live broadcast.

FCTV BROADCASTS ARE ON THE INTERNET

FCTV has an internet location to stream replays of Town Board and Committee meetings broadcasts. They can be seen via Vimeo at <http://vimeo.com/fctv22>

This is a great way to keep up with what is going on in Town.

If you have Comcast cable service, you can watch FCTV Channel 22 for local meetings, events, and a bulletin board with all varieties of Fremont information and services.

Fremont Community TV needs volunteers to help with taping of Fremont Board and Committee meetings. Do you have an interest in the Conservation Commission, Zoning Board of Adjustment or Open Space? Do you have time on a Monday or Tuesday evening for a couple of hours?

Volunteers are needed to help provide live broadcasting on Fremont Community Television. This requires only one or two nights per month. Computer knowledge is helpful, hands-on training will be provided. Camera bugs or videographers also needed on occasion. Contact us at FremontCTV@gmail.com.

THE FRIENDS OF THE FREMONT LIBRARY'S FUNDRAISER IS A SALMON FALLS STONEWARE PLATE TO MATCH THE COLLECTION!

The Friends fundraisers help promote interest in the library as well as help provide programming and improve our facilities.

WASTE MANAGEMENT

The Town's contract with WM expired at year end 2018 and a four month extension has been negotiated so that we have trash and recycling services through May 1.

Very important this year on the Town Meeting Warrant is a new contract for the Town's trash and recycling collections. Due to changes in the default budget law preparation, the contract must be approved by voters in order that the annual 3% increase becomes part of our operating budget for the ensuing years of the contract. The Town put this work out to bid last September, and the Selectmen have accepted the proposal from Waste Management for a five year contract as the lowest cost option for the Town. There are new provisions of the contract including a processing cost monthly. The more acceptable recycling we do, the less these costs should be. Waste Management also had a lower base price, with only 3% annual increases instead of 5%.

If you have questions about what is recyclable, please contact the Selectmen's Office or check the pages on the Town website.

**WASTE
MANAGEMENT
RECYCLING**

Recently Waste Management has reached out to let the Town know of some changes that have been made regarding the items we recycle.

When we export the recycled items, there is a stricter quality control needed and Waste Management will be checking the quality of items sent. There is an updated Acceptable Materials List, simply stated they accept PET bottles and containers with the symbol #1, #2 and #5. Tin and Aluminum Cans, Beverage Cartons, Paper, Cardboard and Brown, Clear or Green Glass Bottles. All plastic, glass and metals should be clean and empty.

This list and the common contaminants sheet are published at the end of this newsletter. We are having these printed in bulk to have available and will also be putting them on the Town's website.

Nothing else should go in the recycling bin, especially plastic bags, even if they have the recycling emblem on them. We also recently learned that flower pots, and the plastic "six pack" that annual flower come in, are also NOT recyclable even if they show the recycling symbol. This has to do with size and processing limitations. No types of Styrofoam are recyclable in the Fremont, even with the recycling emblem on them.

Recycling has become a challenge as there is not much of a market for the plastic recyclables now. The most important thing with recycling is to not contaminate the recycling with other items that are no longer accepted. The Town saves money if we can follow these updated guidelines effectively.

The guidelines are available at the Town Hall and on the Town's website. If you have any questions, please check the Town web site or call the Selectmen's Office at 895 2226 2226 x 303 (Jeanne) or x 302 (Kathy).

We appreciate your cooperation, as the more we can properly recycle, the more we can reduce our tipping costs at the landfill.

The Fremont Parks and Recreation Commission is seeking volunteer members!

As a commission, we host town events such as the annual Easter egg hunt, Memorial Day celebration, Halloween party, and the Tree Lighting as well as other fund-raising events, based on ambition and participation. The Fremont Parks and Recreation meets the second Tuesday of the month at 6 PM, typically following the school year.

We are happy to accommodate new ideas and interest and are looking for new ambition for volunteerism!

If interested please contact Nicole Cloutier and nicolecloutier725@yahoo.com or Heidi Carlson at fremontta@comcast.net

FRIENDS OF THE FREMONT LIBRARY

Thank you to everyone who donated to our 2018 Live Christmas Tree Raffle and made it one of the Friends of the Fremont Library's best fundraisers.

The first prize winner was Eileen Kossakoski from Kingston, NH, who will be planting their live Christmas tree donated by Windy Meadow Farm (Reese Bassett owner) in their yard at their Kingston home.

The second prize winner was Nancy Fiske from Fremont, who bought her ticket at the Friends booth at Ellis School during the November election.

A special thank you to all our local merchants who generously provided the gift certificates to make our raffle more exciting. Tuckaway Tavern, Fremont Pizzeria, Benson's Café, Telly's Restaurant & Pizzeria, Fremont Town Market, Bella Vintage Salon, Ace Hardware Raymond, and Pizza by George gift certificates were part of the first prize winnings. Fremont Pizzeria II-Kingston, Water Street Bookstore, Suzanne Wicks (Library Trustee) herbs from her garden, Rite Aid Raymond, and New England Coach gift certificates made up the second prize winnings. The proceeds from this raffle will be used to assist the Library with adult programs and library needs not covered by the Town budget.

Our next Friends of the Fremont Library will be held on Tuesday January 15, 2019 at 4:00 pm at the Fremont Public Library. These meetings are open, and everyone interested in helping the Friends are welcome.

For more information call 603 702 0120 Warren Gerety, President of the Friends.

FROM THE PAGES OF THE HISTORY OF FREMONT, NH OLDE POPLIN

By Matthew Thomas

The first outside town Christmas tree illuminated with electric lights, was set up near the town hall in 1946. For many years during the 1950's and 1960's, Arthur Bean illuminated the World War II Veterans Memorial Spruce Tree (planted in 1946) outside the People's Methodist Church. After a few years' absence during the 1970's and early 1980's, the church again began the custom of illuminating this tree. They have proudly continued the tradition to this day.

Sleigh Riding

Sleigh rides were once a popular and necessary form of traveling. It was common for local families to bundle up and pile into a one or two town horse sleigh to go joy riding around the beautiful snowy Fremont countryside. At night, lanterns and sleigh bells were used to warn approaching traffic of sleighs that glided swiftly and quietly along hard, snow-packed country roads. Sleighs full of passengers could be heard singing as they merrily glided along their way.

PEPPERMINT PONIES 4-H CLUB

Girls, boys 5+ years and their families are welcome to visit club activities and join [4-H Online](#) when ready. Attend year-round weekly Horse Knowledge club meetings Wednesday, 6-7:30 pm and Horse Apprentice Volunteer, Saturday 8-10 am. Volunteers engage with real live horses & ponies with adult supervision. Volunteers learn to track their time to earn credits towards horseback riding. [Join email list](#), contact leader Jan Brubacher, call/text 603 3030 1584 or email j.brubacher@comcast.net to attend a meeting or volunteer.

4-H is hands-on, learn-by-doing, age appropriate topics covering horse safety, behavior, communication, arts, crafts, breed, history, colors, markings, type, health, science, anatomy, physiology, care, feed, nutrition, use, career, finance, technology, equipment, show, train, ride and more.

Members participate in Stratham, Deerfield Fairs, [NHSPCA](#), local horse shows, events, activities and with other 4-H clubs. Members learn to work independently, create special projects,

group teamwork, social skills, mentor, public speaking. Members record horse projects to earn recognition, scholarships, attend conferences, college, jobs.

We were chartered in 2005 by Jan Brubacher who was (and still is) a loyal, committed 4-Her. "My job is to enrich your child's life through the incredible resources available to us through [UNH Co-operative Extension](#)."

MAKE A SPLASH!

The Lamprey Rivers Advisory Committee is seeking volunteer representatives from Fremont who want to help protect or enhance wildlife, recreation, historical sites, and other water-related resources along the Lamprey River and its tributaries.

The Committee meets monthly at 7:00 pm on the second Tuesday. The rivers of the Lamprey River watershed are designated as protected under the New Hampshire Rivers Management and Protection Program and the main river is also protected under the National Wild and Scenic Rivers System.

Join colleagues from several towns who are making a difference for our communities and the rivers that connect them. For more information, email Joe Foley, Chair, at jmfoley48@comcast.net or visit www.lampreyriver.org.

EXETER ADULT EDUCATION PRESS RELEASES

REGISTER TO EARN AN ADULT HIGH SCHOOL DIPLOMA

The Exeter Adult Diploma program is now registering students for the Winter Spring 2019 semester courses that begin the end of January. This program is designed for students who did not complete high school but who would like to earn a diploma by taking courses in the evening similar to those taken by high school students. Classes are small and are offered Monday, Wednesday and Thursday evenings.

Adults interested in this program should call the Adult Education office ASAP at 603 775 8457 to arrange an appointment sometime in January. Prospective students are asked to bring a copy of their high school transcript and certificates of any other training in order to evaluate how many credits they have already earned. In addition, older students may also qualify for work experience or military credits.

The selection of courses this semester includes: Mondays: Biology with lab, Real World Math and English. Wednesdays: Developing College Reading Skills (English) at Great Bay Community College- starts January 23rd. Thursdays - Chemistry with lab, Energy & Motion and Global Human Rights/Economics. Limited scholarships are available thanks to the generous support of the Exeter Rotary Club and Exeter Lion's Club.

These courses are also open to adults who have completed high school but who also would like more background in a given subject area. Many adult students take these courses to prepare themselves for college courses. Anyone interested in taking courses in the Diploma Program should call as soon as possible, as these classes have limited enrollment, and pre-registration is required.

For more information about this program, visit our website: adulted.sau16.org or call 603 775 8457.

ENGLISH-ESL CLASSES FOR ADULTS

Exeter Adult Education welcomes non-native speakers of English to join English for Speakers of Other Languages (ESL) classes. Beginner through advanced English language learners can improve their English speaking, listening, reading, writing, grammar and pronunciation skills. Multiple levels of instruction are offered.

Participation in ESL classes provides a wonderful opportunity to meet other adults from around the world and to make new friends.

ESL classes are held at Exeter Adult Education at the Tuck Learning Campus, Entrance D, 30 Linden Street, Exeter. Day classes meet Monday, Wednesday, and Friday mornings from 9:00 - 11:00 a.m. Evening classes meet Monday and Thursday from 6:30 to 9:00 p.m. ESL class placement is determined by an intake assessment, so all prospective students should plan to attend registration day.

Classes are free and open to all NH residents.

The first registration for day and evening classes for 2019 is **Monday, January 7th at 9:00 a.m.** for day program and **6:30 p.m.** for the evening program.

For further information or directions to the school, call Exeter Adult Education at 603-775-8457 or visit our website adulted.sau16.org. All interested students are urged to attend registration. If it's not possible to attend the registration date, students should call Exeter Adult Education for an appointment.

HIGH SCHOOL EQUIVALENCY and ACADEMIC SKILLS COURSES OFFERED

HiSET® (High School Equivalency Test) has replaced the GED in NH and many other states. Like the GED, it provides an opportunity to study for and earn a New Hampshire high school equivalency certificate.

Adults who did not complete high school or who need to improve reading, writing, or math skills for personal or professional growth are encouraged to come back to school. Because school may not have been a positive experience the first time, returning to school may sound uncomfortable. Yet many adults from ages 18 to 75 have taken the courageous step to get their high school equivalency certificate or to improve their writing, reading, and math.

Some people come to school because they need a high school equivalency or other certification to get a job or to prepare for job training or college. Others want to be able to help their own children but need to improve their own skills first. Whatever the reason, it's not too late, and Exeter Adult Education staff can help each step of the way.

Adult Academic Skills and HiSET Preparation day classes meet on Monday, Wednesday, and Friday from 9 a.m. to noon. Evening classes meet on Monday and Thursday from 6:30 - 9:00 p.m. The first Fall session registration is on **Monday, January 7th at 9:00 am for day classes and 6:30 pm for evening classes.**

Academic Skills and HiSET classes are free. All classes meet at the Tuck Learning Campus, Entrance D, 30 Linden Street, Exeter. For more information regarding any of these classes, please call Exeter Adult Education at 603-775-8457 or visit our website at adulted.sau16.org.

Donate these items if they are in good condition. Large quantities may require special disposal.

NO Hoses, Holiday Lights, Hangers & Extension Cords

They wrap around equipment and can shut down an entire facility! They all go in the trash.

NO Plastic Bags, Film/Sheeting & Flexible Film Packaging

Take plastic bags back to a local grocer to keep bags clean and dry, and prevent them from shutting down recycling facilities. Visit plasticfilmrecycling.org to find a drop off location near you.

NO Paper Napkins, Plates, Cups & Tissues

Compost if possible, and remember to recycle the cardboard tube.

NO Polystyrene Foam

Foam and plastic to-go containers are not recyclable curbside. Find drop off programs for items like foam packing peanuts at earth911.com.

NO Tires, Auto Parts & Scrap Metal

(Not in recycling or trash) Can damage equipment & are safety hazards. Contact local scrap recyclers or retail tire stores for recycling options, or check earth911.com for a drop off center near you.

NO Concrete, Wood & Construction Debris

Can damage equipment & are safety hazards. You may be able to schedule a bulky item pickup – otherwise throw it in the trash or order a roll off bin by contacting Waste Management Customer Service.

NO Medical Waste (Find safe & secure disposal near you.)

NO Non-Recyclable Plastic

Not everything that is plastic is recyclable! Recycle only food & beverage bottles, jugs and tubs.
