The site walk began across the street (lot 4 of a redrawn plan) from Paul Powers' house at 90 Copp Drive at 9:05 am. The group proceeded to a point overlooking wetlands and then across the back of the remaining three lots to the road. The group then walked across the street to the other three lots and finished back toward Paul Powers' property and finished up at 9:45 am. Mr. Barham, Mr. Downing, and Ms. Crane left at various times before the walk finished. No decisions were made.

Respectfully Submitted,

Jack Karcz
Vice Chair
