

Attention: Fremont Open Space Group Members, Enthusiasts, and Participants

The FOSG is planning to hold a brief meeting on Tuesday, October 30, 2023 at the Fremont Library meeting room at 6 PM. The meeting should last approx. one hour. We'd like to get the group's feedback, ideas, and input for any potential new projects, and scheduling efforts for the ongoing ones. We'd especially value the group's feedback and opinions for prioritizing the importance of work we want to accomplish before the weather turns cold.

The Fall is a great time to be out in the Town Forests! The bugs are gone and it is not too hot. Sam Harris has put together a list of the subjects we'd especially like to discuss.
