BECOMING WOLF EASTERN COYOTES IN NH

January 11, 2024
7:00 pm at the Fremont Library

Myths surround the coyote and cloud our understanding of it. It has
rewilded the northeast and despite its ecological benefits, it is the
most persecuted carnivore in North America. The Fremont
Conservation Commission welcomes Chris Schadler, Conservation
Biologist, to discuss coexistence strategies, whether you farm, hike
or garden. "Understanding the mind and ecology of the coyote can
keep us one step ahead of problems", according to Chris, who, with
40 years of wolf and coyote research, sheep farming, and teaching,
will demonstrate that "knowledge is power" when it comes to living
with coyotes.

CONTRACT EXTENSION

VIEW CONTRACT ON THE TOWN WEBSITE

The Select Board recently signed a contract extension for a 5-year term with Waste Management. Given the rate of inflation, the Board felt this was an economical decision and the new contract will include the distribution of a 64-gallon toter for recycling at each residence. Most Fremont residents recycle, and this will help alleviate multiple bins and keep recycling dry and secure. We do not have a date for certain, but WM is looking toward distribution of the recycling toters around the first of the new year. We are looking for voter support of the contract on the 2024 Warrant. Please call Heidi Carlson if you have any questions.

TOTER REPAIRS/REPLACEMENTS

Waste Management is no longer accepting phone calls for damaged or missing toters. ALL calls for toter repair/replacements must be reported to the Select Board's Office and WM is notified every Wednesday. The process could take up to two weeks from the time WM is notified.

Please leave toter near the street or where it is easily visible from the street, during the time it is pending repairs. You should continue to put it near the street on your designated pickup day.

For Toter Repairs: Call the Select Board's Office at 603 895 2226 x 302 or email kclement@fremont.nh.gov

Please DO NOT call WM Customer Service for Toter repairs/replacements.

Remember to put your trash and recycling out every week. Saving either up for any period of time affects the collection and the route. **Please do both every week!**

FREMONT'S JUST IN CASE PROGRAM

The *Just in Case Program* is a comprehensive town-wide registry of patients diagnosed with Alzheimer's disease and other dementia-related disorders. As its name might suggest, the *Just in Case Program* functions as an emergency tool in the event that an individual wanders and becomes lost or disoriented. Fremont Police officials may then refer to the *Just in Case* database for easy identification in order to provide a quick and safe return of that individual.

This program is also used to identify people in our community living with mental or physical disabilities. Registration in this program alerts the police to a person's diagnosis and emergency contact, as well as what both calms and triggers the individual, so police officers can better respond to a person's individualized needs during an encounter.

How to register

Family, friends, and caregivers interested in registering someone in the *Just In Case* program with the Fremont Police Department may do so by downloading the *Just In Case* registration form at the Fremont Police Department website located at <https://www.fremont.nh.gov/police-department/pages/forms>, filling it out and emailing it to rbarbosa@fremontnhpd.com.

You can also mail the physical form to the Fremont Police Department at 425 Main Street Fremont, NH 03044 or drop it off in person at the same address. We would encourage providing a photo in the email or a physical photo along with the form if it is mailed or dropped off. Including the photo, like the rest of the form and program is completely voluntary and optional.

NEW HAMPSHIRE 911 CARES

DID YOU KNOW? New Hampshire 911 CARES is a program which allows individuals to register specific medical conditions under their phone number.

That way if you ever needed to call 911 from one of the registered phone numbers, the 911 dispatcher would be able to see the name, address, and medical condition of the CARES Individual and relay that information to first responders before they arrive on scene. When a phone call is received from a telephone number associated to a CARES Individual, the medical condition(s) and other information submitted by the account holder is displayed on the 911 computer screen and can be shared with first responders so they can have a better understanding of the emergency situation before they even arrive on scene.

The 911 CARES database can be accessed at cares.desc.nh.gov or by calling our business line at 603-271-6911, option 4
