The Integral Trees by Larry Nevin

When leaving Earth, the crew of the
spaceship Discipline was prepared for a routine
assignment. Dispatched by the all-powerful State on
a mission of interstellar exploration and
colonization, Discipline was aided (and secretly
spied upon) by Sharis Davis Kendy, an emotionless
computer intelligence programmed to monitor the loyalty and
obedience of the crew. But what they weren't prepared for was the
smoke ring—an immense gaseous envelope that had formed around
a neutron star directly in their path. The Smoke Ring was home to a
variety of plant and animal life-forms evolved to thrive in conditions
of continual free-fall. When Discipline encountered it, something
went wrong. The crew abandoned ship and fled to the unlikely space
oasis.

Five hundred years later, the descendants of the Discipline crew
living on the Smoke Ring no longer remember their origins. Earth is
more myth than memory, and no recollection of the State remains.
But Kendy remembers. And just outside the Smoke
Ring, Discipline waits patiently to make contact with its wayward
children.

Please contact Eric at the Library 603 895 9543 for copies
of our book this month.

CDC RESPIRATORY VIRUS GUIDANCE

Each year, respiratory viruses are responsible for millions of illnesses and thousands of hospitalizations and deaths in the United States. In addition to the virus that causes COVID-19, there are many other types of respiratory viruses, including flu and respiratory syncytial virus (RSV). The good news is there are actions you can take to help protect yourself and others from health risks caused by respiratory viruses.

This guidance provides practical recommendations and information to help people lower risk from a range of common respiratory viral illnesses, including COVID-19, flu, and RSV.

Preventing Respiratory Viruses

- [Immunizations for Respiratory Viruses](#)
- [Hygiene and Respiratory Virus Prevention](#)
- [Taking Steps for Cleaner Air for Respiratory Virus Prevention](#)
- [Preventing Spread of Respiratory Viruses When You're Sick](#)
- [Masks and Respiratory Virus Prevention](#)
- [Physical Distancing and Respiratory Viruses](#)
- [Testing and Respiratory Viruses](#)

What CDC knows

As the 2023-2024 fall and winter virus season ends, it's clear that the situation surrounding COVID-19 has changed. It is still an important health threat, but it is no longer the emergency that it once was, and its health impacts increasingly resemble those of other respiratory viral illnesses, including flu and RSV.

What CDC is doing

CDC released updated Respiratory Virus Guidance in response to the decreasing risk that COVID-19 poses to the population. This updated Guidance includes strategies to protect people at highest risk of getting seriously ill and provides actionable recommendations for people with common viral respiratory illnesses, including COVID-19, flu, and RSV.

CONTRACT EXTENSION

VIEW CONTRACT ON THE TOWN WEBSITE

The Select Board recently signed a contract extension for a 5-year term with Waste Management. Given the rate of inflation, the Board felt this was an economical decision and the new contract will include the distribution of a 64-gallon tote for recycling at each residence. Most Fremont residents recycle, and this will help alleviate multiple bins and keep recycling dry and secure. We are looking for voter support for Warrant Article 19.

Toters are scheduled to arrive later this year and as soon as we have more information, it will be posted here and on the website. In the meantime, if you need excess recycling bins, please use a laundry basket or Rubbermaid-type tote.

WASTE MANAGEMENT

Trash and Recycling Reminder

- All trash must be bagged before putting it in your tote.
- **Trash and recycling should be at the curb by 6:00 am on your collection day.**
- NO YARD WASTE is allowed for pickup. This includes grass clippings, leaves, and brush.
- NO HAZARDOUS MATERIALS are allowed for pickup.
- Trash will not be retrieved from sheds beside the road.
- No construction debris of any kind is accepted for pickup.

TOTER REPAIRS/REPLACEMENTS

ALL calls for toter repair/replacements must be reported to the Select Board's Office and WM is notified every Wednesday. The process could take up to two weeks from the time WM is notified. They receive our report weekly on Thursday.

AFTER you have called in for a repair, please leave toter near the street or where it is easily visible from the street, during the entire time it is pending repairs. You should continue to put it near the street on your designated pickup day. The repairs can take up to two weeks. We appreciate your patience.

For Toter Repairs: Call the Select Board's Office at 603 895 2226 x 302 or email kclement@fremont.nh.gov
Please DO NOT call WM Customer Service for Toter repairs/replacements.

Remember to put your trash and recycling out every week. Saving either up for any period of time affects the collection and the route. **Please do both every week!**

FREMONT'S JUST IN CASE PROGRAM

The *Just in Case Program* is a comprehensive town-wide registry of patients diagnosed with Alzheimer's disease and other dementia-related disorders. As its name might suggest, the *Just in Case Program* functions as an emergency tool in the event that an individual wanders and becomes lost or disoriented. Fremont Police officials may then refer to the *Just in Case* database for easy identification in order to provide a quick and safe return of that individual.

This program is also used to identify people in our community living with mental or physical disabilities. Registration in this program alerts the police to a person's diagnosis and emergency contact, as well as what both calms and triggers the individual, so police officers can better respond to a person's individualized needs

during an encounter.

How to register

Family, friends, and caregivers interested in registering someone in the *Just In Case* program with the Fremont Police Department may do so by downloading the *Just In Case* registration form at the Fremont Police Department website located at <https://www.fremont.nh.gov/police-department/pages/forms>, filling it out and emailing it to rbarbosa@fremontnhpd.com.

You can also mail the physical form to the Fremont Police Department at 425 Main Street Fremont, NH 03044 or drop it off in person at the same address. We would encourage providing a photo in the email or a physical photo along with the form if it is mailed or dropped off. Including the photo, like the rest of the form and program is completely voluntary and optional.

NEW HAMPSHIRE 911 CARES

DID YOU KNOW? New Hampshire 911 CARES is a program which allows individuals to register specific medical conditions under their phone number.

That way if you ever needed to call 911 from one of the registered phone numbers, the 911 dispatcher would be able to see the name, address, and medical condition of the CARES Individual and relay that information to first responders before they arrive on scene. When a phone call is received from a telephone number associated to a CARES Individual, the medical condition(s) and other information submitted by the account holder is displayed on the 911 computer screen and can be shared with first responders so they can have a better understanding of the emergency situation before they even arrive on scene.

The 911 CARES database can be accessed at cares.desc.nh.gov or by calling our business line at 603-271-6911, option 4
