The Exeter-Squamscott River is enrolled in the New Hampshire Rivers Management and Protection Program, a unique partnership between citizens, towns, and state government designed to promote and protect the river's outstanding natural and cultural resources. Established in 1996, the Exeter-Squamscott River Local Advisory Committee (ESRLAC) is comprised of citizen volunteers living in towns in the watershed, vested in working together to protect water quality, water quantity, wildlife habitat and recreational opportunities. The Exeter-Squamscott River is one river with two names, reflecting the fresh water (Exeter River) and salt water (Squamscott River) portions of this major tributary to Great Bay.

ESRLAC Representatives:

2019 marked ESRLAC's 23rd year of acting "for the good of the river". The Committee continued to review proposals for land development along the river, providing information and analysis to landowners, developers, local boards and state agencies. ESRLAC reviews all plans closely to identify and recommend ways in which natural resources in and alongside the river may be protected through stormwater management and other conservation minded development practices.

ESRLAC now has a Facebook page, managed by Committee members and offering information on a wide range of river related topics. Search for Exeter-Squamscott River Local Advisory Committee on Facebook to follow ESRLAC.

ESRLAC seeks members from all communities in the watershed. If you are a resident of Chester, Raymond, Fremont, Sandown, Danville, Kingston, East Kingston, Brentwood, Kensington, Exeter, Stratham, or Newfields and are interested in joining ESRLAC, please call the Rockingham Planning Commission at 603-778-0885 for more information.
