## Report of the Forest Fire Warden and State Forest Ranger

Despite a brief flurry of wildfire activity across the state this spring, the summer and fall months saw weather conditions which kept the fire danger consistently at low levels. Local Fire Departments and the Division of Forests & Lands worked throughout the year to protect homes and the forests. The statewide system of 16 fire lookout towers continues to operate on high fire danger days. The towers' fire detection efforts are supplemented by the NH Civil Air Patrol when the fire danger is especially high.

Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Every year New Hampshire sees fires which threaten or destroy structures, a constant reminder that wildfires burn more than just trees. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at <a href="www.firewise.org">www.firewise.org</a>. Please help Smokey Bear, the Fremont Fire Rescue Department, and the NH Forest Rangers by being fire wise and fire safe!

The long-lasting drought effects in Coos County are showing some minor signs of improvement but a good portion of northern Coos remains in the abnormally dry category with the northeastern portion still remaining in moderate drought. While the drought conditions have improved, we expect some areas of the state may still be experiencing abnormally dry or drought conditions this spring. For this reason, we ask everyone to remember Smokey's message about personal responsibility and follow his ABC's: Always Be Careful with fire. If you start a fire, put it out when you are done. "Remember, Only You Can Prevent Wildfires!"

As we prepare for the 2022 fire season, please remember to contact the Fremont Forest Fire Warden through the Fremont Fire Rescue Department to determine if a fire permit is required before doing <u>ANY</u> outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. Fire permits are also available online and may be

obtained by visiting <a href="www.NHfirepermit.com">www.NHfirepermit.com</a>. You can also visit the Fire Station to obtain a permit. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services (DES). You are encouraged to contact the local fire department for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information, please contact the Division of Forests & Lands at 603 271 2214, or online at <a href="www.nh.gov/nhdfl/">www.nh.gov/nhdfl/</a>. For up to date information, follow us on Twitter and Instagram: <a href="mailto:@NHForestRangers">@NHForestRangers</a>.

## **2021 NH Wildland Fire Statistics**

(All fires reported as of December 1, 2021)

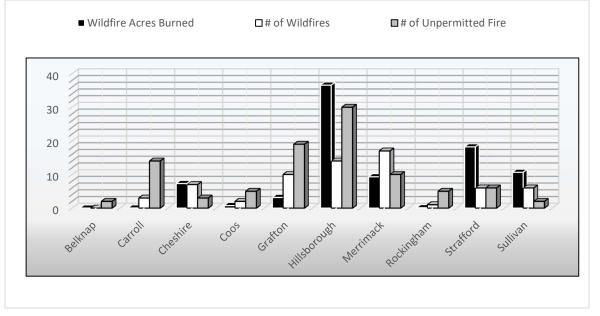

Year	Number of Wildfires	Wildfire Acres Burned	Number of Unpermitted Fires*
2021	66	86	96
2020	113	86 89	165
2019	15	23.5	165 92
2021 2020 2019 2018 2017	113 15 53 65	46 134	91
2017	65	134	100

## **CAUSES OF FIRES REPORTED**

(These numbers do not include the WMNF.)

\*Miscellaneous includes power lines, fireworks, electric fences, etc.

Arson	Debris Burning	Campfire	Children	Smoking	Railroad	Equipment	Lightning	Misc.*
1	81	25	0	7	1	4	2	41

\*Unpermitted fires which escape control are considered Wildfires.
