

## Report of Forest Fire Warden and State Forest Ranger

This past year we were fortunate enough to have favorable weather conditions in the spring and summer which limited the amount of wildland fire activity throughout the state. September and October saw fire conditions change and the state was faced with some difficult fires. The Dilly Cliff fire in North Woodstock was one of the most challenging fires we have seen in New Hampshire. Steep terrain and extreme fire behavior made this fire difficult to fight. It lasted for over 3 weeks and the final hotspots in inaccessible terrain were extinguished by heavy rains. Local Fire Departments and the Division of Forests & Lands worked throughout the year to protect homes and the forests. The statewide system of 16 fire lookout towers continues to operate on high fire danger days. Our fire lookouts are credited with keeping many fires small due to their quick and accurate spotting capabilities. The towers fire detection efforts were supplemented by the NH Civil Air Patrol when the fire danger was especially high.

Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2017 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at [www.firewise.org](http://www.firewise.org). Please help Smokey Bear, the Fremont Fire Rescue Department, and the State's Forest Rangers by being fire wise and fire safe!

As we prepare for the 2018 fire season, please remember to contact the Fremont Forest Fire Warden through the Fire Rescue Department (895 4222) to determine if a fire permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services (DES). You are encouraged to contact the Fremont Fire Rescue Department or DES at 603 271 3503 or [www.des.nh.gov](http://www.des.nh.gov) for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at [www.nhdf.org](http://www.nhdf.org).

## 2017 Wildland Fire Statistics

All fires reported as of December 2017

HISTORICAL DATA		
YEAR	NUMBER of FIRES	ACRES BURNED
2017	64	107
2016	351	1090
2015	124	635
2014	112	72
2013	182	144
2012	318	206

CAUSES OF FIRES REPORTED								
(These numbers do not include the WMNF)								
Arson	Debris Burning	Campfire	Children	Smoking	Railroad	Equipment	Lightning	Misc.*
0	7	11	1	4	0	4	0	37

**REMEMBER, ONLY YOU CAN PREVENT WILDFIRES!**
